Peer reviewed version

Document license:

CC BY-SA

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Today's session

- Rationale
- Origins
- Models
- Core processes
- Questions
- Your work

What might technology enable us to do that we otherwise could not?

- Today we think about:
 - Differentiation between:
 - Can it be done?
 - Should it be done?
 - What is:
 - Interesting, innovative, inspiring AND
 - Simultaneously helping CLR achieve core mission
 - In ways that are sustainable and scalable
