Towards open educational
processes and practices

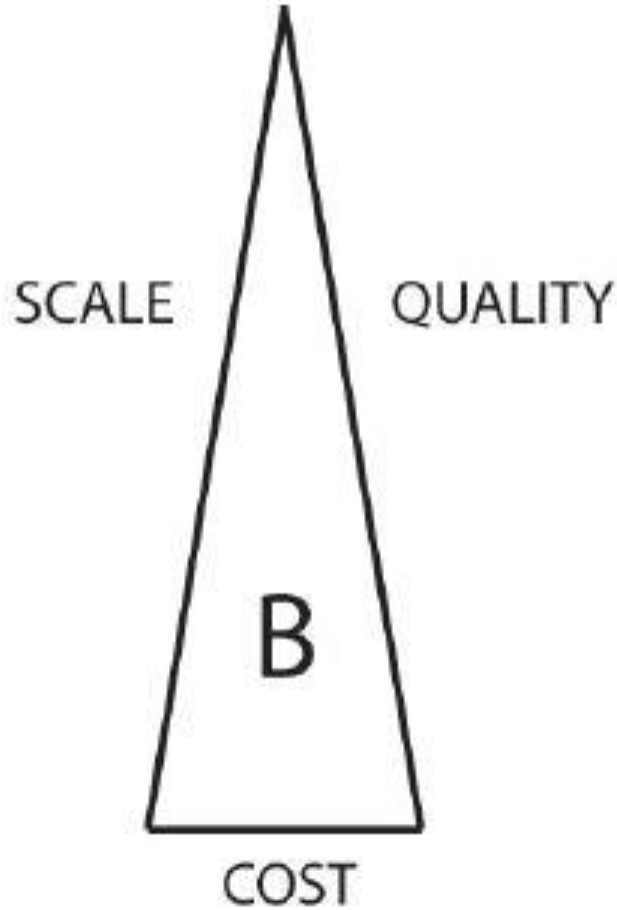

THE STRUCTURATION OF OPEN ONLINE EDUCATION IN THE NETHERLANDS

‘Scalable Feedback and Assessment Activities in Open Online Education’

Julia Kasch PhD

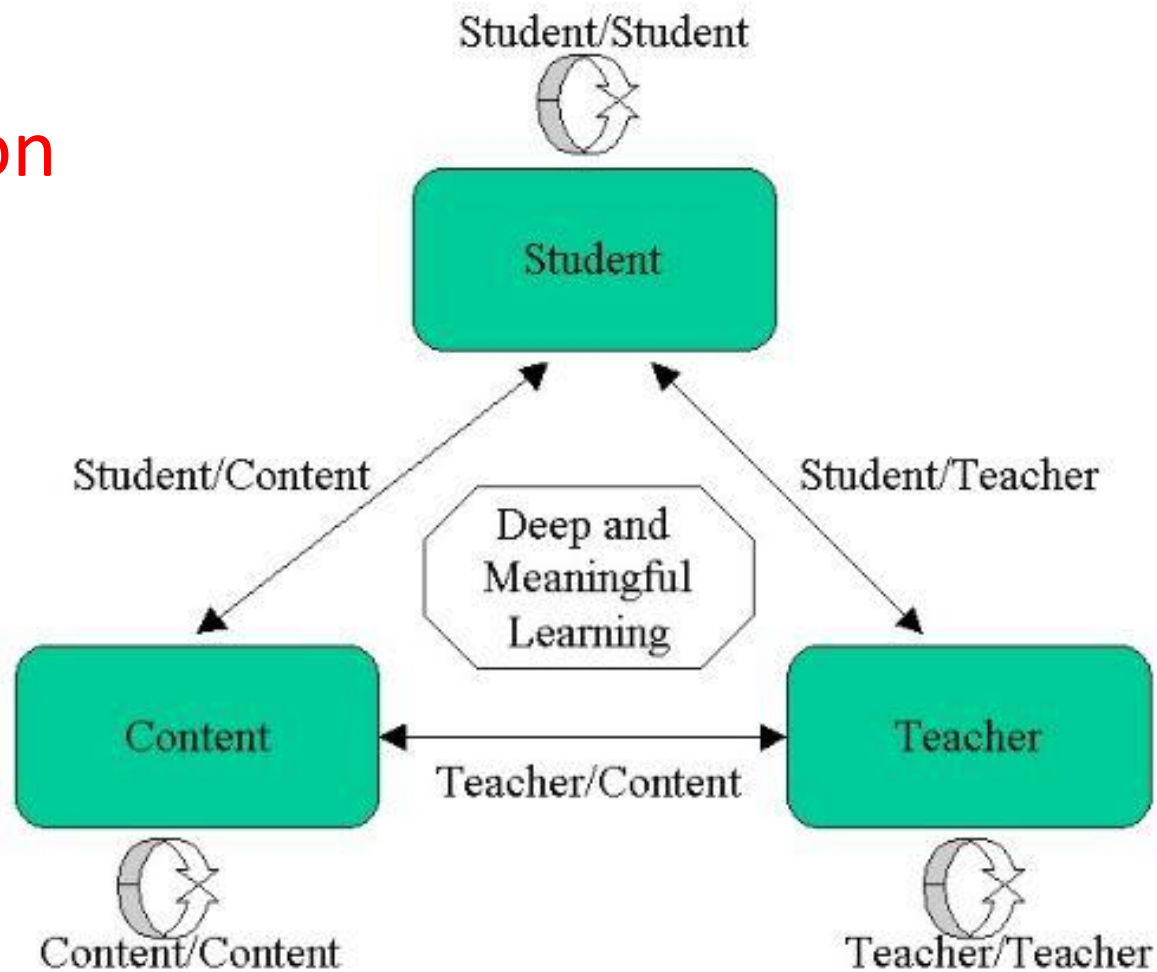

8 maart 2016

Impact of technology on education?

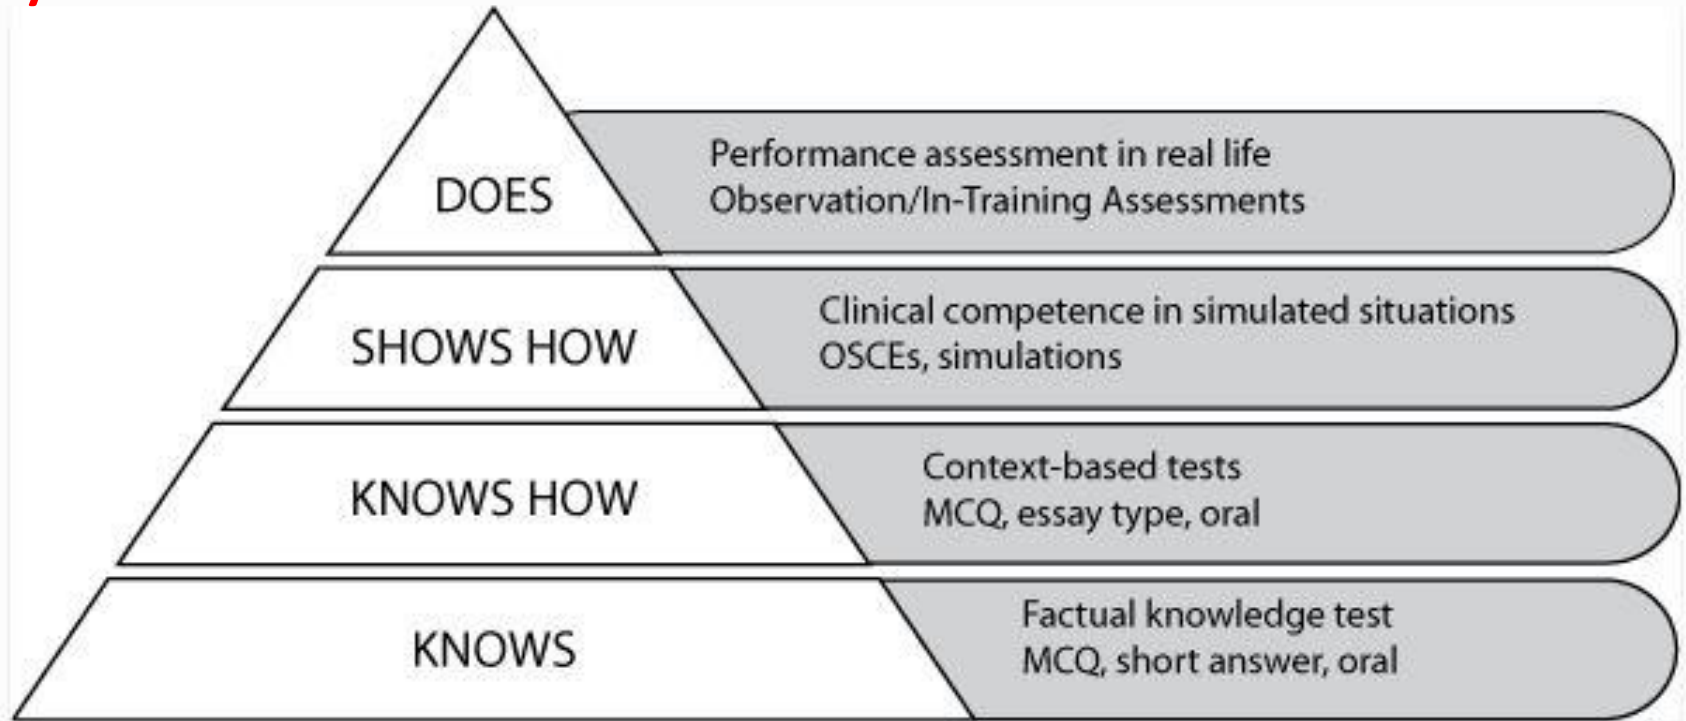

Daniel & Uvalic-
Trumbic, 2011

Interaction modes

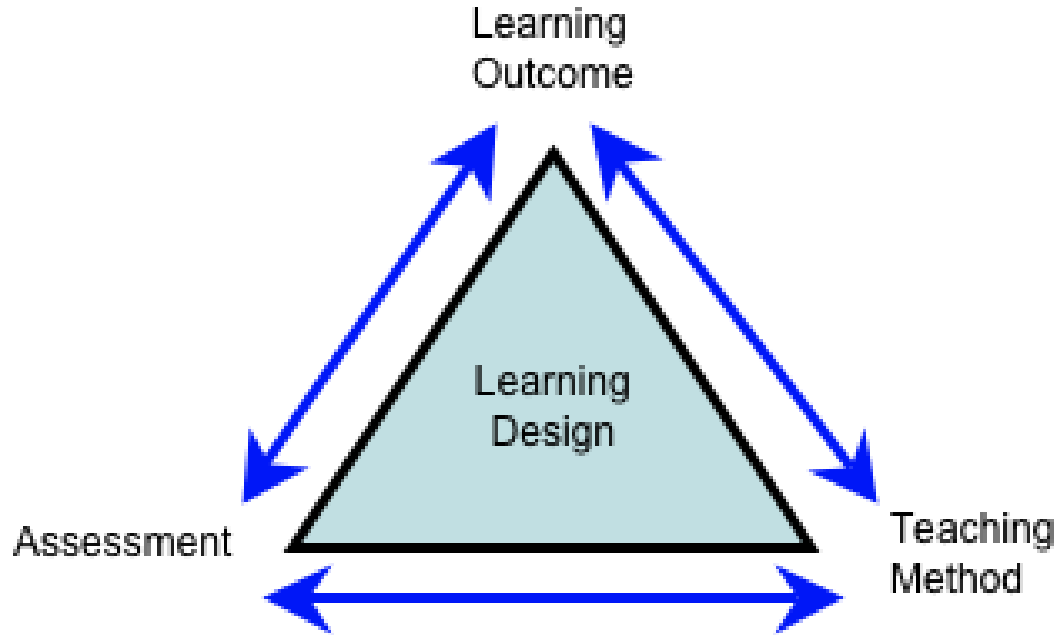

Anderson,
2002

Miller's Pyramid

Constructive alignment

<http://www.open.edu/openlearnworks/mod/page/view.php?id=35134>

Educational scalability...

...is the sensitivity of a learning environment towards the numbers of learners participating. It ensures educational quality and is neutral towards teacher bandwidth.

In sum...

Scalability is about: (1) scale, (2) quality & (3) cost

We want to learn more about the possibilities of extending meaningful and complex learning activities to high student numbers without increasing teacher time.
